## USE THE WATER!

The discovery, or rather rediscovery, that the water from the hot springs, when turned into the big swimming pool on the Montezuma hotel grounds, is too warm for the comfort of the bathers, has brought Las Vegas back to a correct understanding of one of the city's most valuable assets. It certainly has called attention to the fact that the real thing of value upon the Montezuma grounds is the hot springs. The big hostility medicinal waters will give Las Vegas more valuable advertising throughout the country than the possession of the finest hotel in the United States.

There are people in various parts of the country today who are telling their friends of having been cured of rheumatism and other afflictions by the mud baths and hot water treatment given them at Las Vegas. The opinion that the springs are still available for use seems to prevail pretty generally throughout the southwest, and numerous inquiries from persons desiring treatment are received by the Commercial club, the city officials and citizens. To these enquirers the reply has to be given that the springs are not available for use by patients, because the bathhouse and hotel are closed.

It would seem apparent that the best way to bring about the ultimate reopening of the Montezuma hotel would be to put a bathhouse and small hotel or boarding house in operation, charging moderate prices for accommodations. This soon would attract people to the place and a larger hostelry would be needed. Now that the property is held by a local organization, the Y. M. C. A., it is possible for it to be used to the best advantage of the community. If springs, hotel and grounds are not disposed of bodily to some purchaser or wiser who would use them for a fraternal organization's home, sanatorium or business enterprise, it would appear that the best procedure would be to make the bathing feature available to tourists as well as residents of Las Vegas.

This is just a suggestion to the people who are endeavoring to make the hot springs, one of Las Vegas' greatest assets, go to work for the benefit of the community. To do nothing with them is like allowing a large sum of money to lie idle without drawing interest.

## THE DISTRESSED SENATE

Washington, Sept. 19.—Through continuous session the senate today dragged its weary way in an effort to break the filibuster against the river and harbor bill conducted by Senators Burton and Kenyon and other opponents of the measure.

"Red" Oldham, the young left-hander recently purchased by Detroit from the Providence club, is pitching like a champion for Hugh Jennings.

# CONVINCING PROOF OF POSTOFFICE'S NEED

STATISTICS REGARDING MISDIRECTED MAIL ARE SENT TO WASHINGTON

When the petition to the secretary of the treasury asking that the matter of locating and erecting the new federal building in East Las Vegas be hastened, is fully circulated on the West side next week, it will be forwarded at once to the department at Washington, and it is thought that it may have some influence with the authorities in hastening the much desired improvement.

In the meantime the efforts of those who have the matter at heart are going on with unceasing energy. Postmaster E. V. Long has written to the assistant secretary of the treasury, citing his former letter and the letter of his predecessor in office, F. O. Blood, both of which recite the reasons for urging the department to take this matter out of the regular order of business and treat it as an exceptional case.

Judge Long's letter, under date of September 16, tells the results of a count of the misdirected mail that has been held up over mails in the two offices, between the dates of September 9 and 17. During these eight days 2,235 letters went to the "Old Town" postoffice that should have come direct to the East Las Vegas office.

Three hundred and four circulars, 831 newspapers and 95 parcels underwent the same delay.

# NATIONAL BANKS WILL BE ASKED TO ASSIST

PLAN FOR IMMENSE GOLD POOL MEETS RESERVE BOARD'S APPROVAL

Washington, Sept. 19.—The bankers' plan for a \$100,000,000 gold fund to meet American obligations to Europe was approved today by the federal reserve board.

Banks in central reserve and reserve cities will be asked to contribute to the fund, but country banks are not expected to participate. Although a syndicate of New York bankers are already asked to care for \$50,000,000 of that city's European obligations, it is counted on for contributions to the additional \$100,000,000 fund. The gold will be deposited in the branch of the Bank of England in Ottawa, Canada.

The first call on banks probably will be designed to bring out from \$20,000,000 to \$25,000,000. Details of the plan, however, were not worked out today at a conference between the bankers and the board. They will be considered next week.

## THE SUPREME COURT

Santa Fe, Sept. 19.—In the state supreme court today the case of Louis Trauer, appellee, vs. Ernest Meyers, appellant, was argued and submitted. Isaac Barth represented Trauer, the appellee, and H. C. Miller, the appellant, Meyers. Meyers bought a house and lot at Estancia from the New Mexico Fuel and Iron company and then sold it to Trauer, who paid one-half the purchase price, agreeing to pay the other half when the deed was delivered. It was then discovered that the property was so involved in the indebtedness of the New Mexico Fuel and Iron company that a clear deed could not be delivered. Meyers, nevertheless, demanded the remainder of the purchase price, while Trauer demanded the return of the money he had paid. Meyers set up that he had bought the property in partnership with Trauer, which Trauer denied. The lower court decided in favor of Trauer, and Meyers appealed.

# SELECTING COMMITTEE TO CALL ON PRESIDENT

COLORADO COAL OPERATORS WILL TRY TO FRUSTRATE TRUCE PLANS

Denver, Sept. 19.—Colorado coal mine owners met here today to select a delegation to wait upon President Wilson in Washington next Wednesday and convey to him the objections of the operators to certain features of the federal truce plan for ending the coal miners' strike. It already has been announced that the different companies will make individual replies to the letter in which the president urged acceptance of the proposal drawn up by Hywell Davies and William R. Fairley, mediators appointed by the secretary of labor.

# WAR

(Continued from Page One)

ed of behaving like a fraudulent person, to escape his obligations." Referring to case of Serbia, the chancellor of the exchequer said that Emperor Nicholas has given Austria the only answer that became a man when he said: "I will tear your ramshackle empire limb from limb, and he is doing it."

"Prussia," said Mr. Lloyd George, "is the steam roller of Europe. Men, women and children and nations are ordered out of the way. Even Great Britain is ordered out of the way. If the old British spirit is still left in the British heart the bully will be torn from his seat. They thought we could not beat them. It will not be easy; it will be a long job. It will be terrible, but in the end we shall march through their territory to triumph."

Appealing to Welshmen to join the colors the chancellor continued: "This struggle is a great war for the emancipation of Europe from the thraldom of military caste, which has thrown its shadow upon the general conscience of men and has now plunged the world into a welter of blood."

There was no resistance to the Japanese landing at Laoshan. A general attack on Tsing Tau is thought here to be imminent.

## Japan Lands Troops

Tokio, Sept. 19.—The Japanese imperial troops, co-operating with the Japanese fleet, landed at Laoshan bay September 18, according to official announcement made today. The cavalry on September 17 captured Kiao Chow station and seized a train. Among the passengers were the president of the Shan Tung railway, who was made a prisoner.

## German Officer Killed

Peking, Sept. 19.—According to information received here the first German officer to be killed before Tsing Tau was Baron von Eisenbach, who, previous to going to Kiao Chow, was second secretary of the German legation at Peking. He met his death in a skirmish September 16 between advance guards at Lutting.

The government has instituted severe measures designating martial law in several provinces and many important cities. The discovery that rebels were preparing to take advantage of the German presence in financial and diplomatic difficulties is causing scores of arrests and many executions, according to Chinese reports.

Postal communication with Tsing Tau was terminated by the Japanese yesterday. From information derived from Chinese and other sources in the region of Kiao Chow it appears that Japanese infantry and cavalry are proceeding from Lung Kow to invest Tsing Tau before landing stage artillery at some near harbor. The Japanese legation states that roads must be constructed before heavy guns can be transported to positions near the German stronghold.

Germans in the Kiao Chow district report that an aeroplane in the sky dropped bombs on the Japanese troops north of Tsing Tau, killing 50 and wounding 30.

The correspondents from Tsing Tau have been silenced. A correspondent at Che Foo reports that members of the Chinese Red Cross to the number of 44 have arrived there from Shanghai and established a hospital in a hotel.

## Peace Movement Stops

Washington, Sept. 19.—The peace movement begun a fortnight ago was today at a standstill. President Wilson had not forwarded to any American ambassadors abroad the message received from Ambassador Gerard, giving the record of his conversation with the German imperial chancellor.

While Ambassador Gerard reported the imperial chancellor as having said "it was up to the United States to obtain a statement of peace from the allies," the president does not construe the suggestion as requiring the United States to undertake such a task. Until a specific request comes in a formal way, it is unlikely that the American government will endeavor to sound the allies on peace terms.

## Russians Didn't Cross England

London, Sept. 19.—Since the official denial that any Russian troops had passed through English territory bound for France, issued a few days ago by the war office, efforts have been made to ascertain the cause of the persistent reports that a Russian army has been moved from Archangel to the Scottish coast and thence across the channel to points in Belgium and northern France.

According to high government officials the reports have their source in the fact that a number of Russian officers detailed for staff and observation duty with the French and English army in the field passed through England accompanied by their orderlies and servants, all in uniform. It is believed that villagers, in Scotland, caught sight of these Russians in uniform strange to the country folk, and thus arose the widespread report a Russian troop movement in this country.

# STEAMER SINKS; ONLY TWO ARE RESCUED

THE LEGGETT GOES DOWN 20 MILES SOUTH OF THE COLUMBIA'S MOUTH

Astoria, Ore., Sept. 19.—Seven passengers and members of the crew of the steamer Leggett, which was lost off the Oregon coast last night, were drowned. There were only three survivors.

Astoria, Ore., Sept. 19.—Two survivors of the steam schooner Francis H. Leggett were picked up about 20 miles south of the Columbia river mouth, according to a wireless message received here today. The wireless stated that the two steamers were standing by the spot where the schooner went down last night. The only sign of the ill-fated vessel was bits of wreckage.

The wireless came from the San Francisco and Portland Steamship company's steamer Beaver. The Beaver did not mention the names of the two vessels which it left standing by the scene of the wrecks. Reports last night said the Leggett sank about 60 miles south of the Columbia. This conflicts with the Beaver's message that two survivors had been picked up about 20 miles south of the Columbia.

The Leggett carried 37 passengers and a crew of 25. She sailed from Portland September 12 for Hoquiam, Wash., to load lumber for California. She left Hoquiam last Thursday morning.

## S. O. S. Was Heard

First news of the sinking of the Leggett was received at the Telegraph hill wireless station quite late last night from a foreign cruiser which did not give her name. The wireless message stated that the Leggett sank yesterday afternoon, 60 miles south of the Columbia river. The warship reported that the S. O. S. call was received at 3:01 p. m. No S. O. S. call was picked up by any of the land stations.

## Names of Victims Unknown

Portland, Sept. 19.—Charles R. McCormick, under whose flag the Leggett sailed, had received no advice as to the number of passengers or crew who were lost.

# GERMAN OFFICER SAYS MODERN WAR IS FOLLY

DESCRIBES THE SLAYING OF MEN BY BIG GUNS AS TERRIBLE

Bordeaux, Sept. 19.—There has been given out officially information concerning incidents of the fighting and personal experiences which had been furnished by German prisoners or obtained from documents seized by French troops. It relates particularly to the fighting around Rheims before eleventh and sixteenth of September. A German artillery officer wrote:

"Modern war is the greatest of follies. Companies of 250 in the Tenth army corps have been reduced to 70 men and there are companies on guard commanded by volunteers of a year, all the officers having disappeared."

The following is taken from a letter written by a German captain of infantry:

"We were surprised by the French and I lost my company. Searching for it in a village I was made a prisoner. Now my fate is in the hands of God."

## ROOSEVELT IS TALKING

Wichita, Kan., Sept. 19.—Colonel Theodore Roosevelt, reaching here today, expected to begin a rapid tour through Kansas in the interest of the progressive party. Three addresses have been scheduled, one here today, another in Hutchinson tonight and a third in Kansas City, Kansas, Monday night.

Rumor has it that Syracuse will take the place of Baltimore in the international league next season. Jack Dunn, the Orioles boss, is to manage the team.

Officials the reports have their source in the fact that a number of Russian officers detailed for staff and observation duty with the French and English army in the field passed through England accompanied by their orderlies and servants, all in uniform. It is believed that villagers, in Scotland, caught sight of these Russians in uniform strange to the country folk, and thus arose the widespread report a Russian troop movement in this country.

## NINE INDICTMENTS RETURNED

Santa Fe, Sept. 19.—Nine true bills and seven no true bills were reported by the grand jury to Judge E. C. Abbott today. Among the true bills is one indicting Rado M. Spicanovich, a Montenegro, for assault to kill. He is accused of using a piece of pipe on the head of Foreman John Hunt at the Madrid coal mines. Three indictments are the sequel of the holdup of Hampel's saloon on San Francisco street, Adolfo Quintana being indicted for assault with intent to rob and for entering a house with intent to rob, while Manuel Romero is indicted for larceny. Simon Jimenez is indicted for mayhem and Julian Jimenez for assault with intent to maim. A traveling man was indicted for seduction but as he is not yet under arrest, his name is withheld. Eduardo Tafuya is indicted for assault with a deadly weapon.

## CHICAGO BOARD OF TRADE

Chicago, Sept. 19.—Wheat made a sudden jump today of more than three cents a bushel. After opening 1 1/2 to 3 1/2 cents higher, the market reacted somewhat, but quickly turned upward again. The close was unsettled at 1 1/2 to 2 cents above last night.

Corn was more active and higher. The opening, which ranged from 1/2 to 1 1/2 cent up, was followed by an additional gain. The close was nervous at a 1/2 to 1 1/2 cent net advance.

Oats climbed with other cereals. Higher prices for hogs helped to lift provisions, but demand was not urgent. The closing quotations were: Wheat, Sept. 1.10 1/4; Dec. 1.13 1/4; May 1.20 1/2.

Corn, Dec. 72 1/2; May 74 1/2. Oats, Dec. 50 1/4; May 53 1/2. Pork, Jan. \$20.87. Ribs, Oct. \$11.05; Jan. \$10.82.

## DIVORCE SUIT FILED

Santa Fe, Sept. 19.—Surprise, not to say a sensation, is caused here by the filing of a suit for divorce by Mrs. Olofre Wagner Graham against her husband, Joseph H. Graham, who was married in Santa Fe two years ago, just after Mrs. Graham had returned from school in the east. The couple moved to El Paso. The petitioner is connected with some of the leading Spanish-American families of the southwest through her mother. In her petition she asks for restoration of her maiden name.

Of the 20 games played between the Athletics and the Red Sox the latter have won 10, lost 9 and tied one. The Carrigans are the only team in the league who seem to have a little something on the Mackmen.
